If it were raining just put a big fat rain poncho on and go out there. The people go "WooHOO!!!!!! It's raining and we need to go take pictures." "The people go "WooHOO!!!!!! It's raining and we need to go take pictures." GuruGurnam - GuruGurnam 3 years ago GuruGurnam GuruGurnam 3 years ago God Bless the world The people go "WooHOO!!!!!! GuruGurnam - GuruGurnam 3 years ago GuruGurnam GuruGurnam 3 years ago You can't cover them up. Let them shine. Let the sun radiate their come. Let them get their fill and wet their panties and make their coochies all slippery and dripping. Don't try and hide behind a stupid big dirty tub. I don't want to see where you went pee-pee. That's the only reason you wore a stupid tub is because you're scared of where I want to see you pee-pee. Worn the tub because you're scared of what you have to say and you're scared of saying it. You're scared of saying it. This is what you need to do. You need to wear that tub, go out there and let the sun shine on that work of art that is your underwear covered cooch. Let the sun shine on your black panties coated cooch and make it cool, make it wet, make it ready for penetration. Take your panties off. Or just be a tight coochy and show it all. Let that sun shine right on it so it gets all slippery. But be sure you let the sun shine on your coochy before you get into a tub. Instead go outside and let it rain like Jesus. God Bless."
